

A Man with his Careless Behaviour Has Polluted

Aquatika – Freshwater Aquarium
Karlovac, Croatia.

School 'Oš Turanj', Karlovac. Sara
Papić, Class 3B.

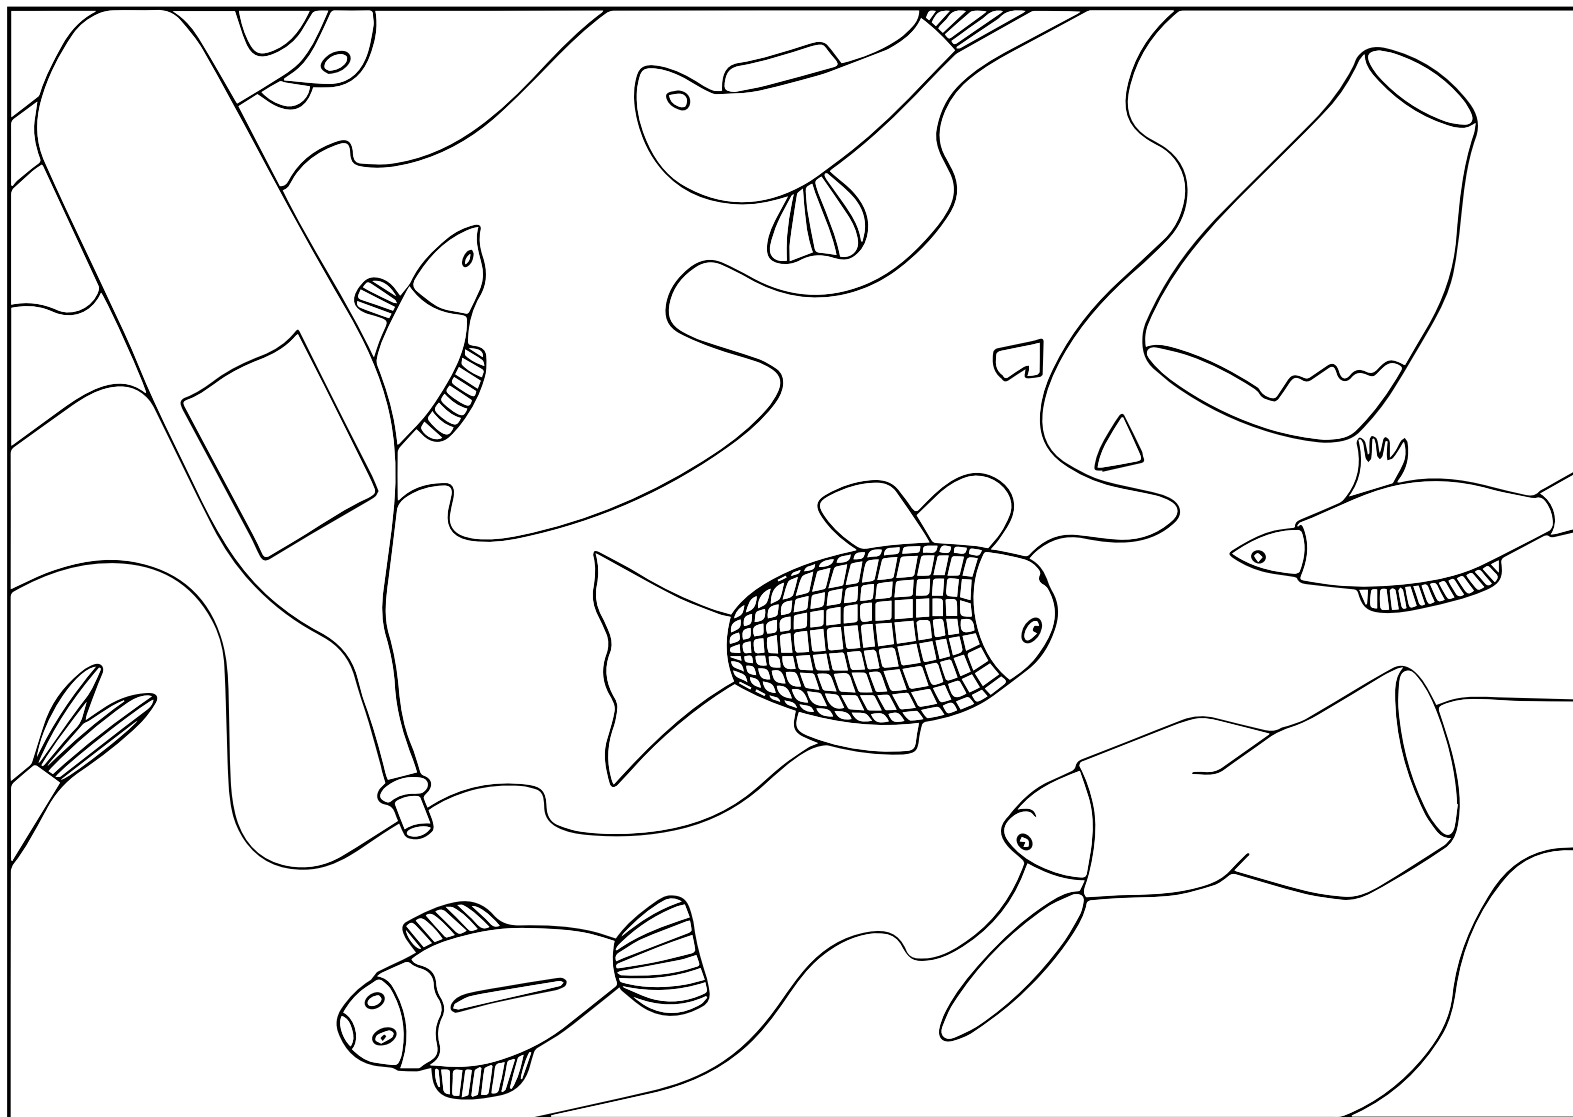

Soon, fishes and their families will be
left without their habitat, and it will
be a great disaster. It is important to
preserve the rivers in the place
where we live. We should all change
our way of life and our environmen-
tal behaviour in order to preserve
and protect water resources for the
future survival of human beings on
the planet Earth.

A Man with his Careless Behaviour Has Polluted

Aquatika – slatkovodni akvarij Karlo-
vac, Hrvatska.

Škola 'Oš Turanj', Karlovac. Sara
Papić, 3B razred.

Uskoro će ribe i njihove obitelji ostati
bez svog staništa, a to će biti velika
katastrofa. Važno je sačuvati rijeke u
mjestu gdje živimo. Svi bismo trebali
promijeniti svoj način života i
ponašanje prema okolišu kako bismo
očuvali i zaštitili vodne resurse za
budući opstanak ljudi na planeti
Zemlji.
