

Water – The Source of Life (2022)

Yellow River Museum, China.
No. 2 Primary School of Wenhua
Road.

Liu Yiyang.

Water is the source of life, without water, there will be no green world; without water, there will be no beautiful clouds in the sky. Everything will lose life without water. If we save a drop of water every day, it can bring a tree, a person, an elephant back to life and even save our earth. Please close the tap in time and cherish every drop of water in your life! Protecting water resources needs everyone to join together.

Water – The Source of Life (2022)

Muzej Žute rijeke, Kina.
Osnovna škola br. 2 Wenhua Road.
Liu Yiyang.

Voda je izvor života, bez vode neće biti zelenog svijeta; bez vode neće biti lijepih oblaka na nebu. Sve će izgubiti život bez vode. Ako svaki dan uštedimo kap vode, to može oživjeti drvo, osobu, slona, pa čak i spasiti našu zemlju. Zatvorite slavinu na vrijeme i cijenite svaku kap vode u svom životu! Za zaštitu vodnih resursa svi se trebaju udružiti.
