

## VELIKA ZELENA ŽABA / MARSH FROG (*Pelophylax ridibundus*)

Jedne su od najčešćih životinja koje nalazimo uz vlažna staništa. Radi se o vodozemcima koji su dio života vezani uz vodu, a drugi dio provode na kopnu.

Frogs are one of the most common animals found in wet habitats. They are amphibians that spend part of their lives in water and the other part on land.
